## A Guide for Coroners, Local Law Enforcement, & Property Owners

WHAT TO DO  
WHEN HUMAN  
SKELETAL  
REMAINS OR  
BURIAL SITE IS  
FOUND ON  
STATE OR  
PRIVATE LANDS  
IN MONTANA

## If Native or Non-Native Human Remains or Burial Site are Discovered

1. Cease all activity at the site and immediately call the County Coroner.
2. The Coroner may seize the remains if a criminal inquiry or inquest is warranted
3. If the Coroner determines a coroner's inquiry or inquest is not warranted, the Coroner shall call the State Historic Preservation Office (SHPO), Stan Wilmoth, at (406) 444-7719 within 24 hours. If the SHPO cannot be contacted, the Coroner will call the nearest member of the State Burial Preservation Board (Board) or law enforcement at the nearest Indian reservation.
4. Unless there is suspicion of a crime scene or the Board has made another finding, ***burial sites and human remains must be protected and preserved in place regardless of ethnic origin, burial context, or age of burial site.***
5. All burial sites must be avoided (not physically disturbed) as a matter of law. Montana Code Annotated, Title 46, Chapter 4 (authority of coroners) does not authorize removal of remains solely for documentation of ethnicity or age or other study. ***Removal or disturbance of human remains other than in a coroner's inquiry/ inquest should occur only after other alternatives (primarily preservation in place) have been considered by the Board.***
